Founded by Daniel Swarovski in the Austrian village of Wattens in 1895, Swarovski has become the world's leading manufacturer of precision-cut crystal. And today, more than 110 years on, Swarovski remains a family-run enterprise under the management of Daniel Swarovski's fourth- and fifth-generation descendants.

For Swarovski Crystal Worlds, the multimedia artist André Heller designed 14 underground Chambers of Wonder dedicated to the versatile artistic interpretation of the material crystal. The result is a universe of discoveries and a simply unique experience with every visit. The Giant entices visitors all year round with an event and leisure program offering great variety. The sparkling shopping landscape "Crystal Stage" unites all the Swarovski product worlds in a single room. In CAFÉ-terra, visitors can treat themselves to the culinary delights of both international and seasonal dishes. There is plenty to enjoy above the ground too, where around the head of the Giant a spacious park landscape full of surprises unfolds.
